Mr. Lalngaihawma Zote talked about the profession and qualifications of LLB, how an LLB graduate can pursue any line with the degree, except teaching. After passing LLB, the first thing a student can do is to become a Lawyer/Advocate. If they become a Lawyer, they can make money through Affidavits and Bails after guidance of their Seniors. He also mentioned how important it is to attend various courts, cross examinations and to be present during the taking of evidence on cases, as these would help one in their future profession. He also stressed on how beneficial and necessary it is to listen to evidence, and gave advice to the students on saving finances, adding that "Intelligence is more important than easy money". He concluded his speech by motivating the students to become a lawyer after graduating, if they cannot become one, they have other options to become Legal Adviser, Journalists, etc. Even if we are not sure of what we want to pursue, we should note that we are a small step closer to what we want to be. His final advice being, "Consistency and hard work is the key to being successful."

Mr. J Malsawmzuala Vanchhawng, Advocate and Alumni Executive Committee Member.

Mr. J Malsawmzuala Vanchhawng has taken a part in journalism since 2001-2022 and has worked with various media. Mr. Malsawmzuala also talked about the case of Johnny Depp v. Amber Heard, pointing out the accuracy of the sequence and time of the whole trial. Lawyers have a high responsibility in finding out the truth. They need to have proper preparation and must have clear knowledge on who they stand for in Criminal Trials.
