Photo Session

Health Check up/BP Check/HIV Test/TB Test

An HIV/AIDS Awareness cum Comprehensive Health Check-up programme was organised at Govt. Mizoram Law College, Luangmual on 27th August, 2026. The programme was organised by Mizoram State AIDS Control Society (Mizoram SACS) in collaboration with National Health Mission (NHM) and Doctors Against HIV/AIDS (DAHA).

A total of 200 students and staff attended the awareness programme. A free health clinic was also set up where attendees were provided basic medical care along with prescribed medicines free of cost.

During the camp, various health screening facilities were availed by the students and staff, including 85 persons for X-ray screening for TB, 15 persons for sputum collection, 51 persons for HIV & Syphilis test, 70 persons for blood sugar test and 8 persons for blood grouping. Around 50 persons accessed the free health clinic services.

The programme aimed at creating awareness about HIV/AIDS and promoting early detection and healthy living among the youth.
